

To my CMG family, patients and parents, past and present:

Many of you already know that I have been planning for some time to retire and now the time has come. For those of you with whom I have not spoken directly, I want you to know how thankful I am for the opportunity afforded to me during 34 years of private pediatric practice at Children's Medical Group to have worked alongside such a talented and hardworking staff, and for the pleasure and privilege of taking care of so many young patients and their families. It has been truly a blessing that I will cherish forever.

Many of you have asked about my retirement plans and for the immediate future my wife and I plan to relocate to our farm in Talbot County, Ga. Once settled there we will probably do some traveling and I hope to expand upon the pastimes that I have enjoyed through the years including camping, fishing, hunting, skiing and live music.

Although my official last day of work at Children's Medical Group will be December 28, 2021, I will be in the office from time to time in the coming months either socially or helping out at times when we are short staffed. Wishing you all the best in the years to come.

Thomas E. Calk, M.D.
